and Other
Town and School Officers*

CHARLESTOWN

NEW HAMPSHIRE

For the Year Ending December 31

1946

REPORT OF BUILDING COMMITTEE

Since the special town and school meeting, this committee has had continued conferences with the architects, Hersey and Phaneuf, and Mr. Paul Farnum, a representative of the State Board of Education. These people have helped and advised us with our planning. Our first thought has been the planning of an adequate building and facilities for the town with the least possible expenditure.

Of first importance is the site that such a school building would be located upon. From among many sites investigated as to their qualifications in regard to their accessibility for all school activities, the following are the best which we would recommend to be considered to be used for the site of the school building only:

1. Leo Poisson lot
2. Walter Piletz lot
3. Charles Smith lot

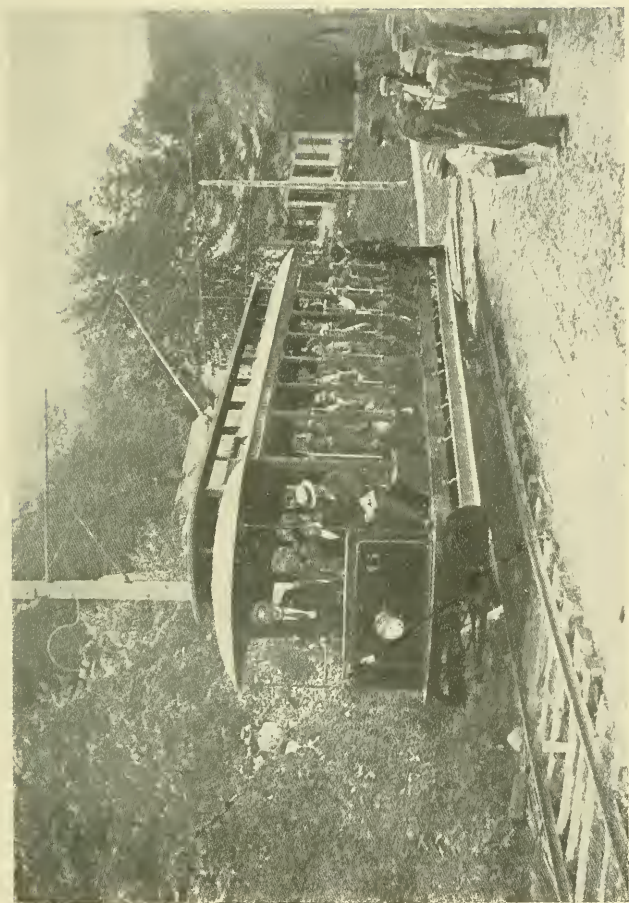

Any one of these would have to be supplemented with a site for an athletic field development. At the present time Mr. Russell White's pasture site can be obtained.

There are also the following lots where the school could be erected with the athletic field adjacent thereto:

1. The town cemetery site in Snumshire
2. The Brackett field
3. The hill site above Ward's

At the present time we have ten thousand dollars in the capital reserve fund. If we can raise ten thousand dollars each year until such time as construction may be started (which according to all advice, is to be approximately two years,) together with the additional one hundred twenty-five thousand dollar bond issue, it should cover the total cost of such a proposed school project based on estimated prices of today and two years hence.

Town Warrant

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Charlestown, in the County of Sullivan, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Charlestown on Tuesday the eleventh (11th.) day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Art. 1. To choose the necessary Town Officers for their respective terms.

Art. 2. To consider the Budget. To raise such sums of money as may be deemed necessary for the maintenance of the poor, laying out and repairing highways, building and repairing bridges, street lighting and for the necessary charges arising within the town.

Art. 3. To see if the town will vote to allow the selectmen to deliver the inventory blanks at the time of taking inventory.

Art. 4. To see if the town will vote to authorize the selectmen to borrow on notes on the credit of the town, such sums of money as may be necessary to meet current expenses in anticipation of taxes.

Art. 5. To see what action the town will take in respect to appointing a finance committee for the ensuing year.

Art. 6. To see if the town will vote to accept all trust funds received for the perpetual care of lots in the cemeteries.

Art. 7. To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

Art. 8. To see if the town will authorize the selectmen to secure the assistance of the State Tax Commission in reappraising the taxable property in the town in order to secure greater equality as between taxpayers, and to insure the assessment of all property in the town on the same standard of value, and to raise and appropriate money to pay for the same.

Art. 9. To see if the town will vote to raise and appropriate the sum of \$780.43 for Town road aid, the State will contribute \$3,121.73; this money provides for the maintenance, construction, or reconstruction of class V highways.

Art. 10. To see if the town will vote to turn over to the School Treasurer the Capital Reserve Fund raised last year to be used in connection with the new school project.

Art. 11. To see if the town will vote to raise and appropriate a sum not exceeding one one-hundredth of one percent (1-100 of 1%) of the assessed valuation based on the assessment of 1945 for the purpose of publicizing and promoting the natural advantages and resources of the town, together with other towns in the Dartmouth-Lake Sunapee Region Association. (inserted by request).

Art. 12. To see if the town will vote to raise and appropriate the sum of \$400.00 for white pine blister rust control. (inserted by request).

Art. 13. To see if the town will vote to raise and appropriate the sum of \$1,000.00 to continue the drainage project on Cummings Avenue.

Art. 14. To see if the town will vote to raise and appropriate the sum of \$500.00 to start the project of bringing the Town History up to date, and to appoint a committee of five for the same. (inserted by request).

Art. 15. To see what sum of money the town will vote to raise and appropriate for the celebration of old home day this year. (inserted by request).

Art. 16. To see if the town will vote to make the office of Road Agent an appointive office by the Board of Selectmen. (inserted by request).

Art. 17. To see if the town will vote to install a street light between the residence of E. F. Hardy and Miss Grace Hunt. (inserted by request).

Art. 18. To see if the town will vote to install a street light on the intersection of Wheeler and Fairbrother Streets, Riverview. (inserted by request).

Art. 19. To see if the town will vote to accept the road from the State Road to the residence of George Sawyer. (inserted by request).

Art. 20. To see if the town will vote to raise and appropriate a sum not to exceed \$1,500.00 for the purpose of hard surfacing newly graveled portion of Whiskey Street and the Causeway so called.

Art. 21. To see if the town will vote to authorize the Water Commissioners to purchase and install a suitable chlorinator for the

Charlestown Village water supply, and authorize the selectmen to borrow money on notes of the town for this purpose if necessary. This money to be repaid from funds of the Water Department.

Art. 22. To see if the town will vote to authorize the Water Commissioners to set aside a sum of money not to exceed \$300.00 each year for the purpose of purchasing land for the protection of the water shed.

Art. 23. To see if the town will vote to install fire hydrants to the extent of the present water main on Claremont Road thereby affording residents of that section relief from present exorbitant insurance rates. (inserted by request).

Art. 24. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-second (22nd.) day of February, in the year of our Lord, 1947.

Total	\$ 8,191.64

Your water system is in very good condition. There is an occasional controversial discussion with the State Board of Health over the matter of chlorination of both the village and North Charlestown systems, the expense of which to your Commissioners seems exceedingly unnecessary.

As a matter of fact the basis of the attitude of the State Board of Health is one of empiricism viz. that if the inert colon baccillus exceeds a certain percent, that is proof positive of the need of chlorination, whether any illness is at all likely to result or not.

We are making a gradual betterment of the entire water sheds of both systems. Everyone enjoying the privileges of our water systems should consider the payment of the modest rents a very great privilege.

O. C. YOUNG, Treasurer

Report of the Health Officer

During the past year fewer cases of measles, mumps, whooping-cough and chicken-pox have been reported than usual.

We have had three cases of infantile paralysis reported. These cases were treated at the Hanover hospital and from reports, satisfactory recovery is being made.

Samples of water from both the village and North Charlestown supplies have been sent to the State Board of Health for analysis and the reports, as would be expected, have been much the same as for the past three years. The state board has not asked for milk samples from local producers and dealers during the past year.

Respectfully submitted,

LOUIS L. COMSTOCK, Health Officer

AUDITORS' REPORT

We, the undersigned Auditors of the Town of Charlestown, have examined the accounts as set forth in the accompanying schedules of the Selectmen, Town Treasurer, Treasurer of the Silsby Free Public Library, Water Commissioners, Town Clerk, Tax Collector, and Trustees of Trust Funds, and other Town Officers, and find them correct, to the best of our knowledge.

ALICE E. ADAMS
GERTRUDE A. WHITE

SUPERINTENDENT'S REPORT

To the Charlestown School Board:

I herewith submit my first annual report as Superintendent of Schools.

I have enjoyed the helpfulness and patience of the School Board, the cooperation of parents and townspeople, the seriousness of purpose of the teachers and steadfastness of purpose and friendliness of the pupils. In such an atmosphere education should continue to progress.

In spite of the difficult conditions under which the teachers are working, progress is steady and they are to be commended for their devotion to duty.

It is very pleasing to be able to report that the student morale in both the elementary and high school has improved tremendously and that there seems to be a much finer attitude of cooperation among the teachers under the able guidance of your new headmaster, Mr. Streeter.

The high school has made every attempt to offer courses that more nearly meet the needs of the majority of the pupils. A civic and vocational guidance program has been inaugurated and general courses in science and mathematics have been added. Special groups of clubs have been formed in dramatics, journalism, public speaking, music and arts and crafts.

There are several problems that merit serious consideration and at least temporary solutions should be found before the opening of school in September.

The most economical number of pupils per grade is thirty; thirty-five is considered to be the largest number to which a teacher can do justice. At the present time there are forty pupils in the first grade and, if census figures mean anything, there will be at least fifty beginning school for the first time next year. This would seem to indicate

that it will be necessary to have two first grade classes. The greatest obstacle, the teacher shortage notwithstanding, seems to be the housing problem. Last fall a registration of first grade pupils was attempted. The results were very unsatisfactory, only twenty-seven of the forty-five entering class reporting for registration. A similar attempt to find the number of prospective first graders will be made next July or August, in time to hire a second teacher if the enrollment warrants it. It is hoped I may have the cooperation of all parents in this matter.

Mr. T. W. Gunn of the New Hampshire board of Underwriters at my request made an inspection of the village school buildings. Although his written report has not been received, he found conditions very satisfactory. He did recommend that the boiler room of the Holden School be made more fireproof.

The health and physical education program should be coordinated and expanded. The examinations of the school nurse and the examination of high school pupils before participating in varsity sports should be supplemented by a pre-school clinic for all children about to enter school. Many conditions, if found early, can be remedied but if allowed to continue can become a serious handicap to success in school work.

If possible the dental clinic should be resumed next year. It is hoped that the services of dentists will be more readily available by then.

It is questionable just how much physical education work can be attempted until more adequate facilities are available.

It would seem to be poor economy to have the equipment necessary to have a woodworking course locked up rather than in use. There is not all of the equipment necessary for a general shop program but if a place could be found to house the equipment, the needs of many of the

high school and junior high school boys could be met.

Very little need be said about the teacher situation as it affects the future of our schools. This critical problem has received national recognition. Charlestown is very fortunate in having many able, experienced, resident teachers but replacements are going to be hard to find. If we are to keep our present teachers and obtain new ones of the type we want, we must take into consideration the fact that a teacher will go where working conditions are the best and where salaries are the most attractive.

There is before the legislature a State Aid bill that, if passed, would mean an increase in aid to the town of Charlestown of considerably over \$12,000. A glance at the proposed budget for the next year will show that part of this will have to be absorbed by increased salaries and other expenses but the balance can be used to meet other current costs of the schools. Any savings brought about in this manner could very profitably be spent in helping pay for a new school.

Realizing that the costs in all departments of the town are increasing and that the taxpayers are interested in keeping the tax rate as low as possible, every effort to curtail unnecessary expenses in the schools is being made. However, we should realize that the education of our children is an investment in the future and necessary expenses are justifiable.

Respectfully submitted,

HENRY J. HASTINGS

Superintendent of Schools

HEADMASTER'S REPORT

I hereby submit my first report as headmaster of Charlestown High School.

It has been a pleasant experience to come back to Charlestown as headmaster. I have found the teachers that were here previously very cooperative and helpful and the new ones have entered into the system with the same spirit.

There are many changes that are to be desired among the subjects offered and activities engaged in by the pupils. However, these will have to come slowly.

It is possible to broaden the program this year with the addition of the following subjects and activities: a general mathematics course for Juniors and Seniors which is intended to serve as a refresher course so that as they leave school they will be well grounded in everyday, practical mathematics; Consumer Education for Juniors and Seniors is a very practical course as it covers everyday economics that every person should know; a course in community and vocational civics for Freshman and Sophomores gives the pupils an opportunity to study the running of all phases of government and related activities from the local operation to the national and the vocational phase is intended to give them an opportunity to study various vocations with the hope that the pupils will become sufficiently interested in one to want to pursue it further; Mechanical Drawing which has been offered to girls as well as boys is intended to give those interested in design work of any sort an opportunity to get a background for further study. For those interested in going into industry directly it will give them a chance to study all phases of drawing and to be able to read and interpret blue prints. Because of facilities only a limited number are able to take the course.

Among the activities organized this year are: Journalism class under Miss Hoyt; Public speaking class under

Mrs. Williams; Craft Club under Mrs. Bingham; and Glee Club under Miss Hoyt.

The assembly programs are organized each week by the teachers assigned. Pupil participation is by groups that are members of each teachers classes. The programs have been interesting, entertaining as well as being educational.

The safety patrol which was organized this fall and instructed by Mr. Stevens, the local chief of police, has proven very successful. A boy was chosen from each class and each has authority to report any violation to the police.

The Commercial department has helped a great deal in handling work outside its department. It has done all of the clerical work in the Campaign of the New Hampshire Tuberculosis Association as well as helping teachers and the administration in office work.

Home Economics has been offered to the 7th and 8th grade girls and this has not been offered the past few years. These girls as well as the high school foods class help prepare the noon lunches, under the able direction of Mrs. Bingham and the help of mothers. With the existing equipment it is rather difficult to prepare 150 lunches daily, even though the Mothers Club is providing one paid worker and a volunteer worker each day.

In the Music department it was necessary to make changes in the middle of the year as Mr. Bush, the orchestra and band leader resigned. Miss Elizabeth Hoyt, who was handling the elementary music took over the orchestra and band and is also giving instructions to beginners. It is hoped that many new musicians will develop to fill the gaps left by those recently graduated. We were fortunate to have some one in our system that could take over all of our musical organizations. They are all well organized and will be making public appearances soon.

In the grades 1-7 there exists a fine group of teach-

ers. They have been very cooperative in helping at school functions and presenting programs of their own. A great deal of creative work is observed by these grades.

The boys basketball has been handled by Mr. Herbert, who has a well trained and disciplined team. Regardless of the number of wins it has been a very successful season.

The boys in grades 5-8 have a recreation period each week at the town hall under the supervision of Mr. Herbert and Owen Williams a returned veteran to the high school. Mr. Thurlow Morse is helping with this group of boys two or three times a week.

Mrs. Little has again coached the girls basketball. They have a well coached team and have enjoyed a very successful season.

I wish to thank Dr. O. C. Young for giving his services to examine all pupils that are playing basketball.

Parents are most welcome and urged to visit the local schools and to discuss problems with the teachers or the headmaster anytime.

On behalf of the teachers and myself I wish to thank superintendent Henry Hastings and the school board for their suggestions and help during the present school year.

Respectfully submitted,

WALDO R. STREETER

Headmaster

REPORT OF SCHOOL NURSE

1946 - 1947

I herewith submit my seventeenth annual report as School nurse.

School visits	561
Home visits	141
Number of pupils inspected	401

	Defects found	Corrected
Defective vision	17	11
Defective teeth	181	120

School Warrant

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Charlestown, qualified to vote in district affairs:

You are hereby notified to meet at Charlestown in said district on the (11th.) day of March 1947, at 2 o'clock in the afternoon, to act upon the following subjects:

Art. 1. To choose a Moderator for the coming year.

Art. 2. To choose a Clerk for the ensuing year.

Art. 3. To choose a Member of the School Board for the ensuing three years.

Art. 4. To choose a Treasurer for the ensuing year.

Art. 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

Art. 6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

Art. 7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

Art. 8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

Art. 9. To see if the district will vote to authorize the school board to pay the teachers a cost-of-living bonus of \$250 for elementary teachers and \$200 for High School teachers, and to instruct the selectmen to borrow the sum of \$3500 therefor in anticipation of taxes.

Art. 10. To see if the district will vote to build a new Junior-Senior High School as soon as practicable.

Art. 11. To authorize the school treasurer to accept the \$10,000 Capital Reserve Fund from the town to be used for the New School Project.

Art. 12. To see if the school district will vote to raise and appropriate \$10,000 to be used toward the new school project.
